

# Liverpool Social Care Partnership

Community Interest Company Registration Number 7217998

**DSPT**  
Better security.  
Better care.

## October is National Cyber Security Awareness Month

Cyber security awareness month is an annual global initiative every October to raise awareness about:

- Cyber security threats
- Good cyber security practices for citizens and organisations
- Resources to protect people online

In 2013, The European Union Agency for Network and Information Security (ENISA) started the European Cyber Security Month (ECSM) & you can learn more here: [cybersecuritymonth.eu](https://cybersecuritymonth.eu)

For the latest cyber security news & articles we would recommend the National Cyber Security Centre's website: [nsc.gov.uk](https://nsc.gov.uk) & completing the DSPT will provide you with a greater awareness of cyber crime and how to protect your organisation.

On social media the message is being spread with a clear and simple hashtag: **#ThinkB4Uclick**

## We Are Extending Our FREE Cyber Security & Data Protection Training Offer

Liverpool Social Care Partnership (LSCP) CIC is extending the offer for a FREE three hour training session, delivered via Zoom, specially tailored for your Social Care workforce. The training was originally planned to run until December 2021 but is extended to the end of January 2022.

This training is for organisations that have completed & published the Data Security Protection Toolkit (DSPT) to Standards Met. If you are not at Standards Met we are fully funded to help support you complete the Toolkit which will then allow you to access our free training.

Our training helps you satisfy four CQC KLOEs. It also satisfies section 3.2.1 of the DSPT requiring 95% of your staff to have been trained in data security within the last 12 months.

If you would like to enquire about this training then please email: [DSPT@LSCPinfo.co.uk](mailto:DSPT@LSCPinfo.co.uk) or call **07745 888 199**

### Think before you click!

*"DSPT is the best way to protect your data in an increasingly dangerous digital world."*

*- CQC Inspection Manager*

# How to Protect Your Organisation Against Cybercrime

(LSCP) CIC continues to support North West care providers to register and complete their Data Security Protection Toolkit (DSPT) as part of the national Better Security, Better Care programme. The Toolkit will help secure your organisation against cyber attacks.

In light of recent feedback we have also introduced a new **Wrap Up Session** for organisations that have published the DSPT and would like to learn about the opportunities having the Toolkit brings.

If you are interested in more information, would like 1-1 support to complete the Toolkit or if you are interested in attending our **FREE** sessions, you can: book now via our website: **LSCPinfo.co.uk/services/DSPT** or call us: **0151 270 1703** or **07745 888 199**

## (2hr) Introductory Webinar

- What is the Toolkit?
- Why should we register?
- What does it offer?

## (2hr) Training Session 1: Getting started & staffing

- Registering for the Toolkit
- Importance of cyber security training
- Define who has data security responsibility

## (2hr) Training Session 2: Policies & Procedures

- Accessing supporting evidence
- Policy templates
- Reviewing ICO guidance

## (2hr) Training Session 3: Data Protection

- Ensure good practice in Data Protection
- Exploring the physical controls around data
- Examining Data breaches and how to report and handle them

## (2hr) Training Session 4: IT Security & Devices

- Firewalls & antivirus
- Reviewing staff using their personal phones, tablets, laptops for work
- Controlling personal data

## (1hr) Wrap Up Session (New Session)

### For organisations that have completed the toolkit
